Palace and Old- Gymnasiums

Per YUHSD70 Policy and Arizona Interscholastic Association (AIA) requirements, all athletes, coaches, staff, and spectators will wear masks at all times, and in all aspects, of their participation in events hosted on our campus. Athletes and coaches will follow AIA Guidelines and sport specific modifications in maintaining the safety of all participants including longer timeouts to allow for social distancing and water distribution, sanitizing of equipment throughout the event, and limited locker room access. Coaches and AIA Officials will exchange an AIA Event Athlete Monitoring Form for each event to attest to the health, and symptom-free status, of each player and coach. Per AIA Guidelines, Athletes and coaches will be able to social distance utilizing an extended sidelines and appropriate protocols have been established to allow them to access water throughout the event while maintaining social distance and wearing masks.

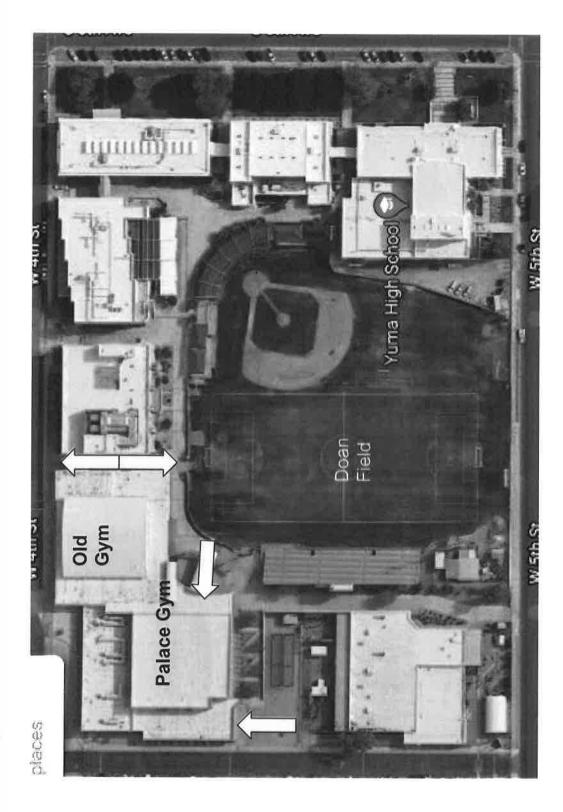

Spectators will wear masks at all times in order to attend each event.

Hand washing stations and restrooms are available in both gymnasiums and large signs remind all spectators to wash hands often and for an appropriate amount of time. Each campus in our district has posted large mascot-themed social distancing signage throughout the venue to ensure social distancing, hand washing, and mask use. The facility will be thoroughly cleaned and sanitized by campus custodians prior to, and following, each event.

Spectators will enter through multiple (2) entrances in each gymnasium and be advised to maintain 6ft of social distance (vertical and horizontal) in the bleachers. Per AIA mandate, A maximum of TWO SPECTATORS PER ATHLETE ON THE HOME TEAM will be admitted to each event in order to limit attendance and make adequate social distancing possible. Only the legal guardians / parents of home team participants will be admitted and each spectator will be cleared through the athletics office, sign an appropriate waiver acknowledging the risk of attendance, and their entrance will be monitored by security personnel. Appropriate social distancing will be ensured while they wait to enter the gymnasium. Security personnel and campus administration will continue to monitor social distancing, use of appropriate PPE, and adherence to other mitigation measures throughout the event.

Ventilation is adequate in both gymnasiums and all mechanical units shall have their fans operating continuously throughout the duration of the events to positively affect healthy and safe conditions for spectators, staff, and athletes.

There will be no food or beverage concessions available at events.

Palace Gymnasium

Yuma High School: Palace Gymnasium: 12,517ft²

Home side (850). Individuals and our expected attendance will be 80 spectators. 2 Parent/Guardians, per home athlete will be admitted and seated on the home side bleachers only. The capacity of the bleachers is Occupancy = 1800 Total.

All spectators will enter through the designated ticketing/entrance and be signed-in by security personal. Spectators will exit through the lower doors near bus lane.

Spectators will be assigned to the home bleachers and must maintain 6ft of social distance from other spectators while also wearing a mask.

Palace Gymnasium

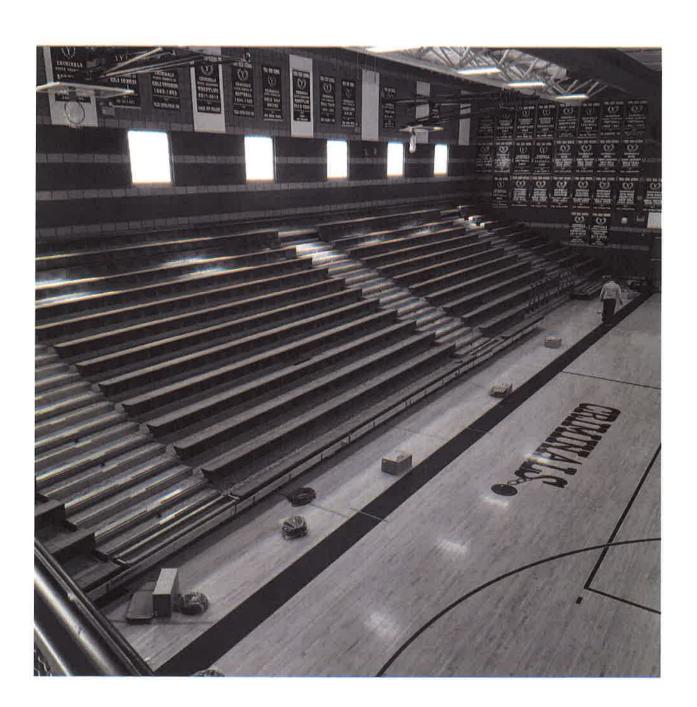

Athletes will stay on the court, wearing masks at all times and maintain 6ft socal distance when appropriate.

Hand-washing and sanitation stations available in all restrooms, on the sideline and in the bleachers.

mask-wearing, social distancing and hygiene. Security staff, administrators and school resource officers (YPD) will be mobile and supporting efforts for social One-way hallways and large mascot-themed signage will be used to ensure disting and mask use.

RED TYPE - UPDATEI

WINTER SPORTS

SEASON OF COMPETITION BEGINS: JANUARY 18, 2021

REGULAR SEASON CONCLUDES: MARCH 5, 2021
INCLUDING ANY PLAY-IN GAMES

- All students, coaches and officials will be required to wear a cloth mask or gaiter for the entirety of a game/contest.
- Each school will complete the AIA COVID-19 Athlete/Coach Monitoring Form the day of all games/contests and provide a copy to the opposing school prior to the contest.
- Up to two parents or legal guardians may attend their student-athlete's home games as allowed by the school and county guidelines.
- Any school that violates any of the mandatory modifications, including the COVID-19 Return to Play Form, will lose access to AIA officiating.
- · All sport modifications are required.
- No scrimmages, invitational tournaments or Region tournaments.
- No out-of-state competitions.
- Must have a minimum of 14 days of practice before any competition.
- The 14 day exclusion will apply to student athletes and coaches once a school has begun its official practice, official season of sport. Tryouts may only take place during the season of sport.
- The 14 day exclusion will apply to a student athlete or coach who is a member of a high school winter sport team and competes with an outside team/group in the same sport or different sport. For the purposes of this rule a scrimmage would be considered a competition.
- Practice with any outside team/group, if staying within that cohort, would not require a 14 day exclusion from the high school team.
- Club youth coaches (13 and under) will not fall into the 14 day exclusion rule unless they are involved with out of state tournaments. It is strongly recommended that the coach wear a face covering while coaching that youth club team.
- For the 2020-21 school year, the Non-school Participation Rule for winter sports will take effect on January 18, 2021. The Season of Competition begins January 18th for all schools in all winter sports without exception.
- Testing is recommended if possible in your county.
- Conference Leadership will determine the minimum number of contests required to qualify for the state tournament.
- Spiritline:
 - Student athletes participating in Spiritline may continue to participate with both club/studio and school programs.
 - Beginning November 30th the 14 day exclusion will apply, if:
 - A student athlete participates in Conventions or Master Classes that pull various clubs/studios (cohorts) together to participate at the same time.
 - A student athlete participates in any in-person competition that pulls various clubs/studios (cohorts) together at the same time.
- Spring sports season begins March 1, 2021

REGULATION

STAFF PERSONAL SECURITY AND SAFETY

Threats

Any employee who is threatened with harm by an individual or a group while carrying out assigned duties shall immediately notify the school principal or supervisor. The principal or supervisor shall then immediately notify the Superintendent's office of the threat and together they shall take immediate steps in cooperation with the employee to provide every reasonable precaution for the employee's safety. Precautionary steps, including any advisable legal action, shall be reported to the Superintendent's office at the earliest possible time.

Eye Protective Devices

Every student, teacher, and visitor in public schools shall wear appropriate eye protective ware while participating in or when observing vocational, technical, industrial arts, art, or laboratory science activities involving exposure to:

- A. Molten metals or other molten materials.
- B. Cutting, shaping, and grinding of materials.
- C. Heat treatment, tempering, or kiln firing of any metal or other materials.
- D. Welding fabrication processes.
- E. Explosive materials.
- F. Caustic solutions.
- G. Radiation materials.

The Board shall equip the schools with eye protective ware.

Schools may receive and expend federal, state, and local monies to provide eye protective devices.

For purposes of this procedure, eye protective ware means devices meeting the standards of the U.S.A. Standard Safety Code for head, eye, and respiratory protection, Z21-1959, and subsequent revisions thereof, approved by the United States of America Standards Institute, Inc.

Cloth Face Coverings

All persons, including, but not limited to, staff, students, vendors, visitors, and volunteers, shall wear a cloth face covering while on any District property, in any District facility, at any District event, whether indoors or outdoors, and in any District vehicle, including District busses or vehicles rented or leased by the District.

Cloth face coverings should not be worn by:

- A. Children under the age of 2;
- B. Anyone who has trouble breathing;
- C. Anyone who is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.

The Superintendent may make exceptions to the requirement to wear a cloth face covering while keeping in mind the health and safety of everyone involved.

Cloth face coverings are to fully cover a person's nose and mouth, ideally fitting snugly but comfortably against the sides of the face and under the chin. They are to remain affixed in place without the use of one's hands and are to not have holes. They are to be laundered regularly or disposed of appropriately.

A cloth face covering does not replace the need for frequent handwashing, covering coughs and sneezes, and practicing physical distancing (six feet [6'] away) to the extent possible. Individuals are to be reminded to avoid touching their cloth face covering and to wash their hands frequently. To ensure the proper use of cloth face coverings, staff and students are to be educated on how to wear and care for their cloth face coverings.

WHEREAS, mitigation measures need to be sustained to ensure continued containment, protect public health and safety and mitigate the strain on Arizona's healthcare systems; and

WHEREAS, on July 23, 2020, the Governor of the State of Arizona Issued Executive Order 2020-51, pursuant to which "[a]II school districts and charter schools shall develop and implement a policy to require face coverings, such as face masks or face shields, for all staff and students over the age of five until the Arizona Department of Health Services determines that face coverings are no longer necessary or recommended to contain the spread of the virus"; and

WHEREAS, pursuant to Executive Order 2020-51(5):

- a. A school district or charter school's policy to require face coverings "shall include exceptions for instances when students can socially distance or are outside in playground settings with distancing, and shall allow breaks for students to take their face covering off in a safe environment.
- b. Schools shall incorporate other restrictions and exceptions consistent with guidance from the Centers for Disease Control and Prevention.
- c. Cloth face coverings should not be worn by children under the age of 2 or anyone who has trouble breathing, is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.": and

WHEREAS, while wearing a mask or face covering can prevent the wearer from spreading infection to others, the Centers for Disease Control and Prevention recently released important updates to their mask data and guidance, including new studies showing that

wearing a mask can also protect the wearer from the infectious droplets from other people. This data further supports community masking to reduce the spread of COVID-19, especially when it comes to those who have COVID-19 but don't exhibit symptoms; and

WHEREAS, asymptomatic people are estimated to account for more than half of COVID-19 transmissions¹; and

WHEREAS, although current mask mandates, limitations on group gatherings, and closure of certain businesses resulted in improvements slowing the growth in numbers of cases during the summer, Arizona is seeing another increase in COVID-19 cases and as we approach the holidays, these measures not only need to continue, but need to be increased due to the increasing rates of hospitalizations and high numbers of cases; and

WHEREAS, the Director, pursuant to the Declaration of Emergency and as authorized by A.R.S. §§ 26-307(A) and 36-787(A), may make, amend, and rescind orders, rules, and regulations necessary for emergency functions and shall coordinate all matters pertaining to the public health emergency response of the State; and

WHEREAS, pursuant to A.R.S. § 36-787(A)(1) and (2), the Arizona Department of Health Services ("ADHS") has primary jurisdiction, responsibility, and authority for planning and executing the public health emergency mitigation response for the State and coordinating the public health emergency response among State, local and tribal authorities; and

WHEREAS, the Director, pursuant to A.R.S. § 36-136(H), may define and prescribe emergency measures for detecting, reporting, preventing or controlling communicable or infectious diseases or conditions if the Director has reasonable cause to believe that a serious threat to public health and welfare exists. Emergency measures are effective for no longer than eighteen months; and

WHEREAS, to attempt to both prevent and control the continued spread of COVID-19, which still poses a serious threat to public health and welfare, it is necessary to prescribe emergency measures to mandate face coverings at all schools and charter schools in the State.

NOW, THEREFORE, I, Cara Christ, M.D., M.S., by virtue of the authority vested in me as the Director of ADHS, in order to address the State of Emergency and the serious threat to public health and welfare posed by the continued spread COVID-19 hereby prescribe the following Emergency Measure:

1. Each school district and charter school shall immediately mandate that masks are worn on school campus, on school buses, during school-associated activities, and

¹ https://www.cdc.gov/coronavirus/2019-ncov/more/masking-science-sars-cov2.html

while participating in or observing any school-associated athletic activities, by all students, faculty, staff, contractors and visitors.

- a. Exceptions shall be made for instances when students can socially distance or are outside in playground settings with distancing, and students shall be allowed to take their masks off during breaks and while in a safe environment.
- b. Students who are engaged in high intensity activities, like running, shall not be required to wear a mask if it causes difficulty breathing.
- c. Masks should not be worn by children under the age of 2 or anyone who has trouble breathing, is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.
- d. School districts and charter schools shall abide by other restrictions and exceptions consistent with guidance from the Centers for Disease Control and Prevention, including recommendations for those who have sensory, cognitive, or behavioral issues.
- 2. Notwithstanding any other law or Executive Order, for purposes of executing this Emergency Measure and in order to ensure coordination between the State and local authorities related to this Emergency Measure, law enforcement, any regulatory agency, pursuant to their regulatory authority, ADHS and local health departments may take immediate action for operation in violation if this Emergency Measure.
- 3. Notwithstanding any other law, if ADHS becomes aware of continued actions taken by the entities covered by this Emergency Measure that jeopardize the health, safety and welfare of the public, ADHS will take additional action as necessary to protect the health, safety and welfare of the public.
- 4. If any provision of this Emergency Measure or its application to any person, entity or circumstance is held invalid by a court of competent jurisdiction, this invalidity does not affect any other provision or application of this Emergency Measure, which can be given effect without the invalid provision or application. To achieve this purpose, the provisions of this Emergency Measure are declared to be severable.
- 5. This Emergency Measure shall remain in effect for no longer than eighteen months.

Having authority to do so under Arizona law, I have executed this Emergency Measure on this 19th day of November, 2020.

-HEALTH & WELL-BEING-

The heart of our decisions remains the safety of our students and staff. For the well-being of everyone, we will utilize the following guidelines.

STUDENTS

Health Screenings Prior to Coming to School

Parents should screen their children for COVID-19 symptoms each morning. Parents will need to self-report symptoms to their child's school and keep their child home if any symptoms are present. Students must not come to school if they exhibit any of the following symptoms.

STUDENTS

If a student has health information on file that confirms a diagnosis of asthma or other respiratory condition and the nurse/health aide observes that there are no other symptoms, the nurse/health aide will contact the parent to inquire as to whether the student has had any other symptoms or there have been any COVID-19 exposures in the home. If not, the student may return to class.

Upon arrival at school, each student is expected to maintain social distance until their first period begins.

When at School

- Staff members will educate and remind students regularly to maintain at least 6 feet of distance between individuals at all times possible.
- Student seating, when possible, will be arranged to maintain as much physical distance as possible.
- Where possible, social distancing will be maintained in open or common areas, such as hallways, stairwells, cafeterias, and gymnasiums.
- · Students will not share school supplies.
- Parents will be required to drop off/pick up students without getting out of the car, unless express permission from a site administrator is provided for good cause. If a parent has permission to get out of the car during drop-off/pick-up, the student should arrive at/leave school before or after assigned times for the majority of students.
- Signage will be posted in all rooms and common areas explaining hygiene practices to prevent spread.
- Parents will be required to drop off/pick up students without getting out of the car, unless express permission from a site administrator is provided for good cause. If a parent has permission to get out of the car during drop-off/pick-up, the student should arrive at/leave school before or after assigned times for the majority of students.
- Signage will be posted in all rooms and common areas explaining hygiene practices to prevent spread.

Cloth Face Coverings for Students

Students will be requested to bring their own cloth face coverings to and from school. Schools will attempt, when feasible possible, to have a supply of cloth face coverings available to provide students who cannot be supplyed to provide students are supplyed to provide students.

a supply of cloth face coverings available to provide students who cannot afford or do not have their own.

Students will be required to wear cloth face coverings when physical space does not allow for maintenance of six (6) feet of space between individuals. Students will not be required to wear cloth face coverings during physical activities and when social distancing is maintainable, though they may voluntarily wear cloth face coverings at any time.

How to Arrive at School

STUDENTS

Cloth Face Coverings for Students Continued

Students who refuse to comply with the safety protocols adopted for in-person learning will be assigned to an online learning program pursuant to A.R.S. 15- 841(F).

Exceptions:

- Unable to wear a mask due to a health condition as evidenced by a doctor's note;
- · Unconscious, incapacitated, or unable to remove a mask without assistance; or
- Subject to a 504 Plan or individualized education program (IEP) that makes wearing a face
 covering impossible. These students will be evaluated on an individual basis to determine whether
 there are additional accommodations that may be made to provide them with the greatest possible
 protection. Prior meeting and approval must be granted by the Campus or District Administration
 prior to the student reporting to any campus or site.

Note: Wearing cloth face coverings does not replace the need to maintain social distancing of at least six (6) feet whenever possible.

Hand Hygiene

Frequent hand washing/cleaning will be encouraged at regular intervals throughout the day with both soap and water or hand sanitizer. Hand sanitizing stations will be available at every school site for mobile use in the high-traffic areas of campus. All classrooms will have access to a minimum 60% alcohol-based hand sanitizer. Students will wash/sanitize their hands when:

- upon arrival at school
- after being outside for physical activity
- before and after lunch
- prior to leaving school for home
- · after sneezing, coughing, or blowing their nose

Students are encouraged to bring their own hand sanitizer.

Bathrooms

Students will be permitted to enter bathrooms in groups no larger than the number of stalls/urinals in the bathroom, and will be directed to maintain social distancing. Posters will be displayed reminding students of proper handwashing techniques.

Front Office

- Plexiglass dividers will be installed in designated areas.
- Floor markings and signage have been placed to remind students, staff, and visitors to social distance.
- Additional disinfecting of high traffic and high touch point areas, such as countertops and door handles will be completed by the site lead on each campus.

STUDENTS

Enhanced Cleaning

- Additional disinfecting of high touch point areas, such as countertops and door handles will be completed by the site lead on each campus.
- All classrooms will have an EPA N-list registered disinfectant available for staff to disinfect high touch points as needed throughout the day.
- Training will be provided on the proper use/procedures for disinfecting and the required Personal Protective Equipment (PPE) required.
- Campus custodial teams will mobilize their response team in the event of a positive COVID-19
 case and utilize industry and CDC recommendations to thoroughly clean and disinfect the
 contaminated area.

Specialized Classes

Some classes, such as science labs, choir, band, PE, and others, will require alternative lesson plans to limit contact and the sharing of supplies, and to reduce the spread of respiratory droplets. Sports equipment and any other shared items will be cleaned between uses by groups of students.

Exceptional Students

The Executive Director of Student Services will coordinate with site-based case managers to ensure that the needs of students receiving special education or 504 accommodations are being met in the context of implementation of these safety protocols.

Parents will be involved in any decision about an individual child's placement or services under the Individuals with Disabilities Education Act (IDEA) or Section 504.

Reporting Procedures

- School nurses will follow established screening protocols and will consult with public health officials
 to determine how best to handle students and staff who display or develop COVID-19 symptoms.
- School sites will communicate any confirmed case of COVID-19 among the student population to Yuma County Public Health Services District (YCPHSD). At each school site, the school nurse will be responsible for reporting.
- The district will follow YCPHSD protocols regarding confirmed cases and take specific guidance from the YCPHSD.
- The school will notify students who were possibly exposed to a confirmed COVID-19 case.

Visitors On Campus

The district sites will limit nonessential visitors and volunteers at school. Parent volunteers will not be allowed in the classroom during the COVID-19 health crisis.

Extracurricular Activities

- Field trips will not be conducted until it is deemed safe by YCPHSD and YUHSD. Teachers may
 use virtual learning opportunities (such as a virtual tour of a museum) to enhance students'
 educational experiences.
- · School-wide assemblies will not be held with students assembled in the same physical location.
- Yuma Union High School District will take in consideration guidance from the YCPHSD, metrics
 created by the Governor's Office, and Arizona Interscholastic Association on when it is safe to
 resume athletics.
- When athletics are deemed safe to resume in Yuma County, district administration, athletic directors, certified athletic trainers, and coaches will develop protocols that incorporate applicable YCPHSD, Arizona Interscholastic Association, and CDC recommendations for athletic activities.

SUPPORT SERVICES

An integral part of everything we do at Yuma Union High School District is connected to support services. From transportation to technology to our invaluable staff in each of our offices, they are all a part of coming together to make this year successful.

Transportation

Pick-Up Procedures

- Due to the proximity of individuals on a school bus, students and bus staff will be required to wear
 a cloth face mask. A mask must be provided by the parent.
- Social distancing will be required at the bus stop, when boarding the bus, and exiting the bus.
- If there are insufficient drivers to run bus routes, the bus routes will be canceled for that school day. Students will take part in class from home via Distance Learning (Canvas).

Boarding the Bus

- Students will board the bus from the back to front and exit the bus from the front to the back.
- Students will sit in the seat position closest to the window.
- · Students will sit one per seat when possible. Siblings will be encouraged to sit
- together.

Drop-Off Procedures

• Students will remain in their seats until the driver dismisses them. Students will exit the bus beginning with the front seats.

Cleaning Procedures

- The inside of buses will be sprayed with disinfectant: Between AM and PM bus routes and at the end of each school day
- · The driver will wipe down high touch areas between groups of students.

Note: If there are insufficient drivers to run bus routes, the bus routes will be canceled for that school day. Students will take part in class from home via Distance Learning (Canvas).

Student Nutrition

Cafeterias will be open during lunch with meals provided at no cost for students enrolled at the campus. Students who have chosen Canvas for Distance Learning may come to campus to pick up breakfast/lunch. Students in the Hybrid model may pick up breakfast/lunch on the days they are not physically attending school.

Safety measures have been increased to include the following:

- · Tables will be marked in the cafeteria to indicate where students may sit.
- Students will not be allowed to share food.
- Proper line spacing will be required while students are in line to receive their breakfast/lunch
- · Markers to promote social distancing will be placed on the floor/ground to indicate where to stand.
- · Student Nutrition employees will wear face coverings and gloves at all times.
- All comprehensive campuses have increased the number of lunch periods to help accommodate social distancing during lunch.

SUPPORT SERVICES

Training and Communication

- At each school, the principal and/or designee lead the training and communication for that school.
- Prior to students returning to campus, all staff will be trained on implementation of COVID-19
 protocols via SafeSchools. Training will include proper use of PPE and supplies; cleaning and
 disinfecting; managing stress and anxiety; and other measures.
- At each school, the principal and/or designee will coordinate and implement the protocols for the school
- Students and staff will be educated about their role to help support a safe and healthy environment.
- Families will be provided with information about COVID-19 symptoms, risk factors, CDC guidelines and the protective efforts to reduce the spread in our community on our website which will be continuously updated.
- The Chief Communications Officer will work with the communication team to create a multimedia campaign, with student input, to inform stakeholders of how to safely come to school and maintain a healthy environment.

STAFF

Health Screenings Prior to Coming to School

Employees should screen themselves for COVID-19 symptoms each morning before leaving for their work site. Employees will need to self-report symptoms to their supervisor if any symptoms are present. Employees will not be allowed to work onsite if they exhibit any of the following symptoms:

Fever of 100.4 degrees or higher, or chills	Shortness of breath or difficulty breathing
Muscle aches	Cough
Sore throat	Vomiting
Headache	Diarrhea
Fatigue	New loss of taste or smell

Each employee will take his/her temperature at home prior to arriving at work. If the employee's temperature is 100.4 degrees or higher, the employee will notify their supervisor and not report to work.

STAFF

Cloth Face Coverings for Employees

Staff members will be requested to bring their own cloth face coverings to and from school. Staff members will be required to wear cloth face coverings during all in-person interactions with other individuals, including but not limited to students and staff.

Exceptions:

- · Staff members who have medical documentation exempting them from wearing a face covering.
- Staff members will not be required to wear cloth face coverings during physical activities and when social distancing is maintainable, though they may voluntarily wear cloth face coverings at any time.

Unless a documented medical condition prevents it, custodial staff will be required to wear cloth face coverings and/or other personal protective equipment (as available and appropriate) while cleaning and disinfecting the schools.

Note: Wearing cloth face coverings does not replace the need to maintain social distancing of at least six (6) feet whenever possible.

Hand Hygiene

Frequent hand washing/cleaning will be encouraged at regular intervals throughout the day with both soap and water or hand sanitizer. Hand sanitizing stations will be available at every school site for mobile use in the high-traffic areas of campus. Employees will washing/sanitize their hands when:

- upon arrival at school
- after being outside for physical activity
- before and after lunch
- · prior to leaving school for home
- after sneezing, coughing, or blowing their nose
- after physical contact with other staff or students

Enhanced Social Distancing

Employees are to maintain a distance of at least six (6) feet between individuals at all times, unless it is not physically possible or, for a student's safety, less space is required. If a situation arises that requires a staff member to touch a student or another staff member

(for instance, if a student requires toileting help, is having a physical emergency, or requires a twoperson restraint), the staff member will resume social distancing as soon as safely possible, wash/ sanitize their hands, and disinfect any surfaces they touched.

Reporting Procedures

- School nurses will follow established screening protocols and will consult with public health officials to determine how best to handle staff who display or develop COVID-19 symptoms.
- School sites will communicate any reported case of COVID-19 among the school population to the Director of Human Resources. At each school site, the principal and/or their designee will be responsible for reporting.
- The district will follow YCPHSD protocols regarding reported cases and take specific guidance from the YCPHSD.

Doan Field - Yuma High School

Per YUHSD70 Policy and Arizona Interscholastic Association (AIA) requirements, all athletes, coaches, staff, and spectators will wear masks at all times, and in all aspects, of their participation in events hosted on our campus. Athletes and coaches will follow AIA Guidelines and sport specific modifications in maintaining the safety of all participants including longer timeouts to allow for social distancing and water distribution, sanitizing of equipment throughout the event, and limited locker room access. Coaches and AIA Officials will exchange an AIA Event Athlete Monitoring Form for each event to attest to the health, and symptom-free status, of each player and coach. Per Arizona Interscholastic Association (AIA) Guidelines, Athletes and coaches will be able to social distance utilizing an extended sidelines and appropriate protocols have been established to allow them to access water throughout the event while maintaining social distance and wearing masks.

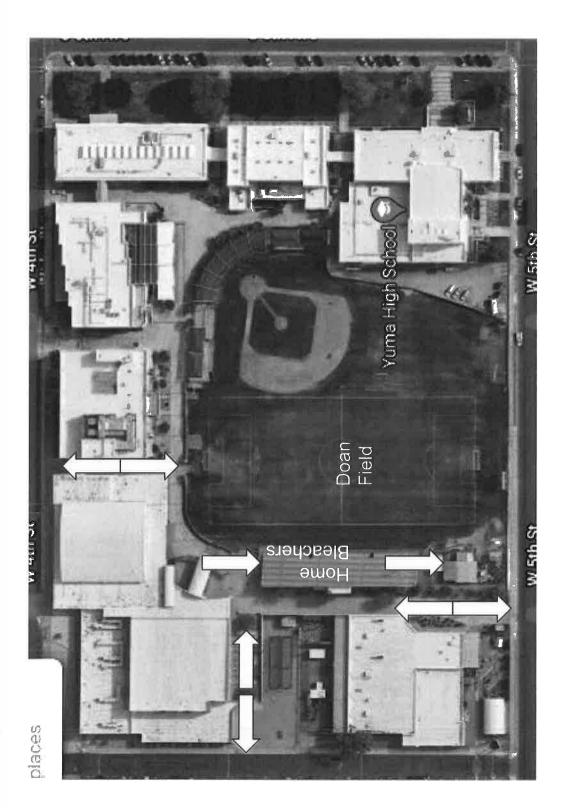

Spectators will wear masks at all times in order to attend each event.

Hand washing stations and restrooms are available on the home and visitor sides of the stadium and large signs remind all spectators to wash hands often and for an appropriate amount of time. Each campus in our district has posted large mascot-themed social distancing signage throughout the venue to ensure social distancing, hand washing, and mask use. The facility will be thoroughly cleaned and sanitized by campus custodians prior to, and following, each event.

Spectators will enter through multiple (2) gates and be advised to maintain 6ft of social distance (vertical and horizontal) in the bleachers. Per AIA mandate, A maximum of **TWO**SPECTATORS PER ATHLETE ON THE HOME TEAM will be admitted to each event in order to limit attendance and make adequate social distancing possible. Only the legal guardians / parents of home team participants will be admitted and each spectator will be cleared through the athletics office, sign an appropriate waiver acknowledging the risk of attendance, and their entrance will be monitored by security personnel. Appropriate social distancing will be ensured while they wait to enter the stadium. Security personnel and campus administration will continue to monitor social distancing, use of appropriate PPE, and adherence to other mitigation measures throughout the event.

There will be no food or beverage concessions available at events.

This outdoor venue allows for adequate ventilation during all events.

- No scrimmages, invitational tournaments or Region tournaments.
- No out-of-state competitions.
- Must have a minimum of 14 days of practice before any competition.
- The 14 day exclusion will apply to student athletes and coaches once a school has begun its official practice, official season of sport. Tryouts may only take place during the season of sport.
- The 14 day exclusion will apply to a student athlete or coach who is a member of a high school winter sport team and competes with an outside team/group in the same sport or different sport. For the purposes of this rule a scrimmage would be considered a competition.
- Practice with any outside team/group, if staying within that cohort, would not require a 14 day exclusion from the high school team.
- Club youth coaches (13 and under) will not fall into the 14 day exclusion rule unless they are involved with out of state tournaments. It is strongly recommended that the coach wear a face covering while coaching that youth club team.
- For the 2020-21 school year, the Non-school Participation Rule for winter sports will take effect on January 18, 2021. The Season of Competition begins January 18th for all schools in all winter sports without exception.
- Testing is recommended if possible in your county.
- Conference Leadership will determine the minimum number of contests required to qualify for the state tournament.
- Spiritline:
 - Student athletes participating in Spiritline may continue to participate with both club/studio and school programs.
 - Beginning November 30th the 14 day exclusion will apply, if:
 - A student athlete participates in Conventions or Master Classes that pull various clubs/studios (cohorts) together to participate at the same time.
 - A student athlete participates in any in-person competition that pulls various clubs/studios (cohorts) together at the same time.
- Spring sports season begins March 1, 2021

REGULATION

STAFF PERSONAL SECURITY AND SAFETY

Threats

Any employee who is threatened with harm by an individual or a group while carrying out assigned duties shall immediately notify the school principal or supervisor. The principal or supervisor shall then immediately notify the Superintendent's office of the threat and together they shall take immediate steps in cooperation with the employee to provide every reasonable precaution for the employee's safety. Precautionary steps, including any advisable legal action, shall be reported to the Superintendent's office at the earliest possible time.

Eye Protective Devices

Every student, teacher, and visitor in public schools shall wear appropriate eye protective ware while participating in or when observing vocational, technical, industrial arts, art, or laboratory science activities involving exposure to:

- A. Molten metals or other molten materials.
- B. Cutting, shaping, and grinding of materials.
- C. Heat treatment, tempering, or kiln firing of any metal or other materials.
- D. Welding fabrication processes.
- E. Explosive materials.
- F. Caustic solutions.
- G. Radiation materials.

The Board shall equip the schools with eye protective ware.

Schools may receive and expend federal, state, and local monies to provide eye protective devices.

For purposes of this procedure, eye protective ware means devices meeting the standards of the U.S.A. Standard Safety Code for head, eye, and respiratory protection, Z21-1959, and subsequent revisions thereof, approved by the United States of America Standards Institute, Inc.

Cloth Face Coverings

All persons, including, but not limited to, staff, students, vendors, visitors, and volunteers, shall wear a cloth face covering while on any District property, in any District facility, at any District event, whether indoors or outdoors, and in any District vehicle, including District busses or vehicles rented or leased by the District.

Cloth face coverings should not be worn by:

- A. Children under the age of 2;
- B. Anyone who has trouble breathing;
- C. Anyone who is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.

The Superintendent may make exceptions to the requirement to wear a cloth face covering while keeping in mind the health and safety of everyone involved.

Cloth face coverings are to fully cover a person's nose and mouth, ideally fitting snugly but comfortably against the sides of the face and under the chin. They are to remain affixed in place without the use of one's hands and are to not have holes. They are to be laundered regularly or disposed of appropriately.

A cloth face covering does not replace the need for frequent handwashing, covering coughs and sneezes, and practicing physical distancing (six feet [6'] away) to the extent possible. Individuals are to be reminded to avoid touching their cloth face covering and to wash their hands frequently. To ensure the proper use of cloth face coverings, staff and students are to be educated on how to wear and care for their cloth face coverings.

FORM C-3

ARIZONA DEPARTMENT OF HEALTH SERVICES EMERGENCY MEASURE 2020-04 (Slowing the Spread of COVID-19 in Schools)

WHEREAS, the World Health Organization officially declared a pandemic due to COVID-19 on March 11, 2020; and

WHEREAS, the Governor of the State of Arizona, in response to the COVID-19 pandemic issued a Declaration of Emergency on March 11, 2020, authorizing the Director of the Arizona Department of Health Services ("Director") to coordinate all matters pertaining to the public health emergency response of the State in accordance with Arizona Revised Statutes ("A.R.S.") Title 36, Chapter 6, Article 9; and

WHEREAS, as of November 18, 2020, there have been 283,102 diagnosed cases of COVID-19 in Arizona including 6,365 deaths, and the State continues to see increased numbers; and

WHEREAS, mitigation measures need to be sustained to ensure continued containment, protect public health and safety and mitigate the strain on Arizona's healthcare systems; and

WHEREAS, on July 23, 2020, the Governor of the State of Arizona issued Executive Order 2020-51, pursuant to which "[a]li school districts and charter schools shall develop and implement a policy to require face coverings, such as face masks or face shields, for all staff and students over the age of five until the Arizona Department of Health Services determines that face coverings are no longer necessary or recommended to contain the spread of the virus"; and

WHEREAS, pursuant to Executive Order 2020-51(5):

- a. A school district or charter school's policy to require face coverings "shall include exceptions for instances when students can socially distance or are outside in playground settings with distancing, and shall allow breaks for students to take their face covering off in a safe environment.
- b. Schools shall incorporate other restrictions and exceptions consistent with guidance from the Centers for Disease Control and Prevention.
- c. Cloth face coverings should not be worn by children under the age of 2 or anyone who has trouble breathing, is unconscious, incapacitated, or otherwise unable to remove the mask without assistance."; and

WHEREAS, while wearing a mask or face covering can prevent the wearer from spreading infection to others, the Centers for Disease Control and Prevention recently released important updates to their mask data and guidance, including new studies showing that

wearing a mask can also protect the wearer from the infectious droplets from other people. This data further supports community masking to reduce the spread of COVID-19, especially when it comes to those who have COVID-19 but don't exhibit symptoms; and

WHEREAS, asymptomatic people are estimated to account for more than half of COVID-19 transmissions¹; and

WHEREAS, although current mask mandates, limitations on group gatherings, and closure of certain businesses resulted in improvements slowing the growth in numbers of cases during the summer, Arizona is seeing another increase in COVID-19 cases and as we approach the holidays, these measures not only need to continue, but need to be increased due to the increasing rates of hospitalizations and high numbers of cases; and

WHEREAS, the Director, pursuant to the Declaration of Emergency and as authorized by A.R.S. §§ 26-307(A) and 36-787(A), may make, amend, and rescind orders, rules, and regulations necessary for emergency functions and shall coordinate all matters pertaining to the public health emergency response of the State; and

WHEREAS, pursuant to A.R.S. § 36-787(A)(1) and (2), the Arizona Department of Health Services ("ADHS") has primary jurisdiction, responsibility, and authority for planning and executing the public health emergency mitigation response for the State and coordinating the public health emergency response among State, local and tribal authorities; and

WHEREAS, the Director, pursuant to A.R.S. § 36-136(H), may define and prescribe emergency measures for detecting, reporting, preventing or controlling communicable or infectious diseases or conditions if the Director has reasonable cause to believe that a serious threat to public health and welfare exists. Emergency measures are effective for no longer than eighteen months; and

WHEREAS, to attempt to both prevent and control the continued spread of COVID-19, which still poses a serious threat to public health and welfare, it is necessary to prescribe emergency measures to mandate face coverings at all schools and charter schools in the State.

NOW, THEREFORE, I, Cara Christ, M.D., M.S., by virtue of the authority vested in me as the Director of ADHS, in order to address the State of Emergency and the serious threat to public health and welfare posed by the continued spread COVID-19 hereby prescribe the following Emergency Measure:

1. Each school district and charter school shall immediately mandate that masks are worn on school campus, on school buses, during school-associated activities, and

¹ https://www.cdc.gov/coronavirus/2019-ncov/more/masking-science-sars-cov2.html

while participating in or observing any school-associated athletic activities, by all students, faculty, staff, contractors and visitors.

- a. Exceptions shall be made for instances when students can socially distance or are outside in playground settings with distancing, and students shall be allowed to take their masks off during breaks and while in a safe environment.
- b. Students who are engaged in high intensity activities, like running, shall not be required to wear a mask if it causes difficulty breathing.
- c. Masks should not be worn by children under the age of 2 or anyone who has trouble breathing, is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.
- d. School districts and charter schools shall abide by other restrictions and exceptions consistent with guidance from the Centers for Disease Control and Prevention, including recommendations for those who have sensory, cognitive, or behavioral issues.
- 2. Notwithstanding any other law or Executive Order, for purposes of executing this Emergency Measure and in order to ensure coordination between the State and local authorities related to this Emergency Measure, law enforcement, any regulatory agency, pursuant to their regulatory authority, ADHS and local health departments may take immediate action for operation in violation if this Emergency Measure.
- 3. Notwithstanding any other law, if ADHS becomes aware of continued actions taken by the entities covered by this Emergency Measure that jeopardize the health, safety and welfare of the public, ADHS will take additional action as necessary to protect the health, safety and welfare of the public.
- 4. If any provision of this Emergency Measure or its application to any person, entity or circumstance is held invalid by a court of competent jurisdiction, this invalidity does not affect any other provision or application of this Emergency Measure, which can be given effect without the invalid provision or application. To achieve this purpose, the provisions of this Emergency Measure are declared to be severable.
- 5. This Emergency Measure shall remain in effect for no longer than eighteen months.

Having authority to do so under Arizona law, I have executed this Emergency Measure on this 19th day of November, 2020.

Cara Christ, M.D., M.S., Director, Arizona Department of Health Services

-HEALTH & WELL-BEING-

The heart of our decisions remains the safety of our students and staff. For the well-being of everyone, we will utilize the following guidelines.

STUDENTS

Health Screenings Prior to Coming to School

Parents should screen their children for COVID-19 symptoms each morning. Parents will need to self-report symptoms to their child's school and keep their child home if any symptoms are present. Students must not come to school if they exhibit any of the following symptoms.

STUDENTS

If a student has health information on file that confirms a diagnosis of asthma or other respiratory condition and the nurse/health aide observes that there are no other symptoms, the nurse/health aide will contact the parent to inquire as to whether the student has had any other symptoms or there have been any COVID-19 exposures in the home. If not, the student may return to class.

Upon arrival at school, each student is expected to maintain social distance until their first period begins.

When at School

- Staff members will educate and remind students regularly to maintain at least 6 feet of distance between individuals at all times possible.
- Student seating, when possible, will be arranged to maintain as much physical distance as possible.
- Where possible, social distancing will be maintained in open or common areas, such as hallways, stairwells, cafeterias, and gymnasiums.
- · Students will not share school supplies.
- Parents will be required to drop off/pick up students without getting out of the car, unless express permission from a site administrator is provided for good cause. If a parent has permission to get out of the car during drop-off/pick-up, the student should arrive at/leave school before or after assigned times for the majority of students.
- Signage will be posted in all rooms and common areas explaining hygiene practices to prevent spread.
- Parents will be required to drop off/pick up students without getting out of the car, unless express permission from a site administrator is provided for good cause. If a parent has permission to get out of the car during drop-off/pick-up, the student should arrive at/leave school before or after assigned times for the majority of students.
- Signage will be posted in all rooms and common areas explaining hygiene practices to prevent spread.

Cloth Face Coverings for Students

Students will be requested to bring their own cloth face coverings to and from school. Schools will attempt, when feasible possible, to have

a supply of cloth face coverings available to provide students who cannot afford or do not have their own.

Students will be required to wear cloth face coverings when physical space does not allow for maintenance of six (6) feet of space between individuals. Students will not be required to wear cloth face coverings during physical activities and when social distancing is maintainable, though they may voluntarily wear cloth face coverings at any time.

How to Arrive at School

STUDENTS

Cloth Face Coverings for Students Continued

Students who refuse to comply with the safety protocols adopted for in-person learning will be assigned to an online learning program pursuant to A.R.S. 15- 841(F).

Exceptions:

- Unable to wear a mask due to a health condition as evidenced by a doctor's note;
- · Unconscious, incapacitated, or unable to remove a mask without assistance; or
- Subject to a 504 Plan or individualized education program (IEP) that makes wearing a face
 covering impossible. These students will be evaluated on an individual basis to determine whether
 there are additional accommodations that may be made to provide them with the greatest possible
 protection. Prior meeting and approval must be granted by the Campus or District Administration
 prior to the student reporting to any campus or site.

Note: Wearing cloth face coverings does not replace the need to maintain social distancing of at least six (6) feet whenever possible.

Hand Hygiene

Frequent hand washing/cleaning will be encouraged at regular intervals throughout the day with both soap and water or hand sanitizer. Hand sanitizing stations will be available at every school site for mobile use in the high-traffic areas of campus. All classrooms will have access to a minimum 60% alcohol-based hand sanitizer. Students will wash/sanitize their hands when:

- upon arrival at school
- · after being outside for physical activity
- · before and after lunch
- prior to leaving school for home
- after sneezing, coughing, or blowing their nose

Students are encouraged to bring their own hand sanitizer.

Bathrooms

Students will be permitted to enter bathrooms in groups no larger than the number of stalls/urinals in the bathroom, and will be directed to maintain social distancing. Posters will be displayed reminding students of proper handwashing techniques.

Front Office

- · Plexiglass dividers will be installed in designated areas.
- Floor markings and signage have been placed to remind students, staff, and visitors to social distance.
- Additional disinfecting of high traffic and high touch point areas, such as countertops and door handles will be completed by the site lead on each campus.

STUDENTS

Enhanced Cleaning

- Additional disinfecting of high touch point areas, such as countertops and door handles will be completed by the site lead on each campus.
- All classrooms will have an EPA N-list registered disinfectant available for staff to disinfect high touch points as needed throughout the day.
- Training will be provided on the proper use/procedures for disinfecting and the required Personal Protective Equipment (PPE) required.
- Campus custodial teams will mobilize their response team in the event of a positive COVID-19
 case and utilize industry and CDC recommendations to thoroughly clean and disinfect the
 contaminated area.

Specialized Classes

Some classes, such as science labs, choir, band, PE, and others, will require alternative lesson plans to limit contact and the sharing of supplies, and to reduce the spread of respiratory droplets. Sports equipment and any other shared items will be cleaned between uses by groups of students.

Exceptional Students

The Executive Director of Student Services will coordinate with site-based case managers to ensure that the needs of students receiving special education or 504 accommodations are being met in the context of implementation of these safety protocols.

Parents will be involved in any decision about an individual child's placement or services under the Individuals with Disabilities Education Act (IDEA) or Section 504.

Reporting Procedures

- School nurses will follow established screening protocols and will consult with public health officials to determine how best to handle students and staff who display or develop COVID-19 symptoms.
- School sites will communicate any confirmed case of COVID-19 among the student population to Yuma County Public Health Services District (YCPHSD). At each school site, the school nurse will be responsible for reporting.
- The district will follow YCPHSD protocols regarding confirmed cases and take specific guidance from the YCPHSD.
- The school will notify students who were possibly exposed to a confirmed COVID-19 case.

Visitors On Campus

The district sites will limit nonessential visitors and volunteers at school. Parent volunteers will not be allowed in the classroom during the COVID-19 health crisis.

Extracurricular Activities

- Field trips will not be conducted until it is deemed safe by YCPHSD and YUHSD. Teachers may
 use virtual learning opportunities (such as a virtual tour of a museum) to enhance students'
 educational experiences.
- · School-wide assemblies will not be held with students assembled in the same physical location.
- Yuma Union High School District will take in consideration guidance from the YCPHSD, metrics created by the Governor's Office, and Arizona Interscholastic Association on when it is safe to resume athletics.
- When athletics are deemed safe to resume in Yuma County, district administration, athletic
 directors, certified athletic trainers, and coaches will develop protocols that incorporate applicable
 YCPHSD, Arizona Interscholastic Association, and CDC recommendations for athletic activities.

SUPPORT SERVICES

An integral part of everything we do at Yuma Union High School District is connected to support services. From transportation to technology to our invaluable staff in each of our offices, they are all a part of coming together to make this year successful.

Transportation

Pick-Up Procedures

- Due to the proximity of individuals on a school bus, students and bus staff will be required to wear a cloth face mask. A mask must be provided by the parent.
- · Social distancing will be required at the bus stop, when boarding the bus, and exiting the bus.
- If there are insufficient drivers to run bus routes, the bus routes will be canceled for that school day. Students will take part in class from home via Distance Learning (Canvas).

Boarding the Bus

- Students will board the bus from the back to front and exit the bus from the front to the back.
- · Students will sit in the seat position closest to the window.
- Students will sit one per seat when possible. Siblings will be encouraged to sit
- together.

Drop-Off Procedures

• Students will remain in their seats until the driver dismisses them. Students will exit the bus beginning with the front seats.

Cleaning Procedures

- The inside of buses will be sprayed with disinfectant: Between AM and PM bus routes and at the end of each school day
- · The driver will wipe down high touch areas between groups of students.

Note: If there are insufficient drivers to run bus routes, the bus routes will be canceled for that school day. Students will take part in class from home via Distance Learning (Canvas).

Student Nutrition

Cafeterias will be open during lunch with meals provided at no cost for students enrolled at the campus. Students who have chosen Canvas for Distance Learning may come to campus to pick up breakfast/lunch. Students in the Hybrid model may pick up breakfast/lunch on the days they are not physically attending school.

Safety measures have been increased to include the following:

- Tables will be marked in the cafeteria to indicate where students may sit.
- · Students will not be allowed to share food.
- · Proper line spacing will be required while students are in line to receive their breakfast/lunch
- Markers to promote social distancing will be placed on the floor/ground to indicate where to stand.
- Student Nutrition employees will wear face coverings and gloves at all times.
- All comprehensive campuses have increased the number of lunch periods to help accommodate social distancing during lunch.

SUPPORT SERVICES

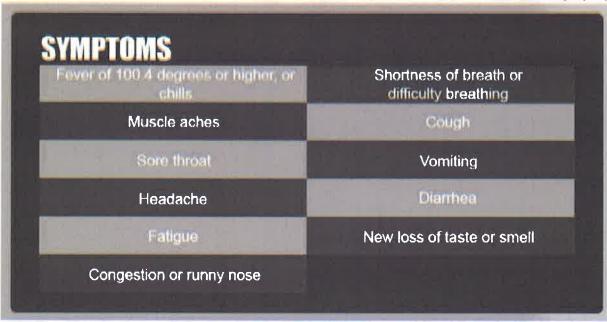

Training and Communication

- At each school, the principal and/or designee lead the training and communication for that school.
- Prior to students returning to campus, all staff will be trained on implementation of COVID-19
 protocols via SafeSchools. Training will include proper use of PPE and supplies; cleaning and
 disinfecting; managing stress and anxiety; and other measures.
- At each school, the principal and/or designee will coordinate and implement the protocols for the school
- Students and staff will be educated about their role to help support a safe and healthy environment.
- Families will be provided with information about COVID-19 symptoms, risk factors, CDC guidelines and the protective efforts to reduce the spread in our community on our website which will be continuously updated.
- The Chief Communications Officer will work with the communication team to create a multimedia campaign, with student input, to inform stakeholders of how to safely come to school and maintain a healthy environment.

STAFF

Health Screenings Prior to Coming to School

Employees should screen themselves for COVID-19 symptoms each morning before leaving for their work site. Employees will need to self-report symptoms to their supervisor if any symptoms are present. Employees will not be allowed to work onsite if they exhibit any of the following symptoms:

Each employee will take his/her temperature at home prior to arriving at work. If the employee's temperature is 100.4 degrees or higher, the employee will notify their supervisor and not report to work.

STAFF

Cloth Face Coverings for Employees

Staff members will be requested to bring their own cloth face coverings to and from school. Staff members will be required to wear cloth face coverings during all in-person interactions with other individuals, including but not limited to students and staff.

Exceptions:

- · Staff members who have medical documentation exempting them from wearing a face covering.
- Staff members will not be required to wear cloth face coverings during physical activities and when social distancing is maintainable, though they may voluntarily wear cloth face coverings at any time.

Unless a documented medical condition prevents it, custodial staff will be required to wear cloth face coverings and/or other personal protective equipment (as available and appropriate) while cleaning and disinfecting the schools.

Note: Wearing cloth face coverings does not replace the need to maintain social distancing of at least six (6) feet whenever possible.

Hand Hygiene

Frequent hand washing/cleaning will be encouraged at regular intervals throughout the day with both soap and water or hand sanitizer. Hand sanitizing stations will be available at every school site for mobile use in the high-traffic areas of campus. Employees will washing/sanitize their hands when:

- upon arrival at school
- after being outside for physical activity
- before and after lunch
- prior to leaving school for home
- after sneezing, coughing, or blowing their nose
- · after physical contact with other staff or students

Enhanced Social Distancing

Employees are to maintain a distance of at least six (6) feet between individuals at all times, unless it is not physically possible or, for a student's safety, less space is required. If a situation arises that requires a staff member to touch a student or another staff member

(for instance, if a student requires toileting help, is having a physical emergency, or requires a two-person restraint), the staff member will resume social distancing as soon as safely possible, wash/sanitize their hands, and disinfect any surfaces they touched.

Reporting Procedures

- School nurses will follow established screening protocols and will consult with public health officials to determine how best to handle staff who display or develop COVID-19 symptoms.
- School sites will communicate any reported case of COVID-19 among the school population to the Director of Human Resources. At each school site, the principal and/or their designee will be responsible for reporting.
- The district will follow YCPHSD protocols regarding reported cases and take specific guidance from the YCPHSD.

WE ARE IN THIS TOGETHER

Yuma Union High School District will be faithful to our core mission of EVERY student graduating college, career, and community prepared.

This time is an extraordinary opportunity for growth, collaboration, and personalized learning. As we move forward, our families will continue to be our top priority. The best way to get through this is by working TOGETHER.

For questions regarding this manual or anything related to our schools, please reach out directly to your respective campus via phone or email.

Building Safety Division 1 City Plaza Yuma, AZ 85364 (928) 373-5160 www.YumaAz.gov

January 25, 2021

Dear: Tim Brienza, Associate Superintendent, Yuma Union High School

The City of Yuma thanks you for providing notice and an operation plan for the upcoming athletic events occurring at your schools. The regulatory body for Arizona school athletics and activities is the Arizona Interscholastic Association (AIA), so any local school is required to meet the AIA regulations leaving the local Arizona city/town little or no independent jurisdiction.

The general AIA guidelines are found here: https://www.aiaonline.org/files/17051/aia-recommended-guidelines-for-return-to-activity.pdf and the AIA Winter Sports modifications are found here: https://www.aiaonline.org/files/17250/2020-winter-sports-modifications.pdf.

The AIA guidelines are put forth with the approval of the Arizona Department of Health Services (AZDHS), and the AIA guidelines are specific to scholastic events and enhance the existing AZDHS or Federal Centers for Disease Control and Prevention (CDC) general guidelines. As previously discussed, the AZDHS and CDC prioritize outdoor events over inside events, as outdoor events provide ample fresh air and space to social distance. The City of Yuma has implemented the CDC/AZDHS priorities for outdoor events and has refrained from approving any inside event through the next 30 to 90 days to allow the region's COVID benchmarks to subside. However, the AIA guidelines are specific to the Arizona school athletics and activities and therefore control.

The City of Yuma defers to the AIA guidelines including the monitoring and enforcement required by each school. In accordance with Governor Ducey's Executive Order 2020-59, the City of Yuma will place your mitigation plans on the City of Yuma website. Obviously, community health is paramount; please feel free to reach out to the City of Yuma as a resource and to assist you in protecting our community's health.

Respectfully,

Randall Crist, CBO/Interim Director of Community Development
